

## **ACTION REQUIRED**

### **Antivirus Set Up**

ESET NOD32 Antivirus is an important requirement for your NeurOptimal<sup>®</sup> system and PASS coverage. Keeping your subscription up to date will help ensure the security and optimal performance of your system, **so please read below:**

ESET NOD32 Antivirus is installed, but has **not** been licensed or registered due to the requirement of setting up an ESET account. Unfortunately this cannot be done by us on your behalf so you will need to complete this process:

1. Click on the ESET NOD32 Antivirus icon in the Start Panel.

2. Click on the “Activate Product” button.
3. In the Product activation window under “I have a license already”, enter the following license key:

4. Click on

5. Click YES when asked if you want to allow this app to make changes to your device.
6. Fill in and submit your registration information.
7. Allow all available ESET NOD32 Antivirus updates to install.

If you are experiencing any difficulties, please log onto a MouseCall with your NeurOptimal<sup>®</sup> laptop at [www.zengar.com](http://www.zengar.com) or call us at (866) 990-6784.
