

TRANSFER OF NEUROPTIMAL® PERSONAL AND PROFESSIONAL SYSTEMS

I, _____ understand that I am acquiring a used NeuroOptimal® system and that this is not a direct sale through Zengar®. Used systems are subject to the same Terms and Conditions as stated at www.neurooptimal.com.

Personal systems may be transferred an unlimited number of times and a Professional system may only be transferred only once, this transfer rendering the NeuroOptimal® license non-transferable.

It is advisable to contact Zengar® directly prior to purchasing a used system from an individual to establish the original purchase date, software version being acquired, and the status of the hardware warranties as well as the status of the technical support PASS membership. The computer or tablet is warranted by the computer or tablet manufacturer for one year from the date of original purchase.

This transfer includes a 3 month PASS Preview membership. Should there be a remaining Full PASS membership on this system then that will override the free PASS Preview (which holds no monetary value). This excludes any version prior to NO3 as prior versions are not eligible for PASS membership.

Zengar® reserves the right to provide support on a limited basis depending on the age of the software, operating system and/or computer/tablet. NeuroOptimal® software that is out of date may no longer be supportable unless an upgrade has been purchased.

By signing this document, I acknowledge and accept these terms.
