

NeuroOptimal® Basic Course PREPARATION AHEAD

There are tasks to complete prior to the course: ****PLEASE READ**** and complete prior to the start of the class:

1. This course always teaches the latest version of NeuroOptimal®.
2. Please visit our website www.neuroptimal.com, login (top right) and view the videos in PASS section (ie: *General Tour*). Please make sure you have reviewed the *Getting Started with NeuroOptimal® Professional Tablet System* video (at the bottom of the PASS dashboard page) to know how to put your system together and start a Session.
3. It is recommended that you connect to the course using your "every day" computer with a high-speed Internet connection. Having your Zengar® computer off to the side to use during the instruction is usually the best way to do the course. That system does not need to be connected to the Internet. You can access the course recordings via the course web page.

COURSE MATERIALS: All relevant documents, forms & course syllabus are listed and downloadable via the course webpage.

At the end of the course, you will be required to answer a quiz and survey. The successful completion of this quiz will grant you Basic Certification*. *All Zengar® certifications are valid for a 3 year period at which time a 'recertification' is necessary to keep your Certification current. See [terms and conditions of our website for more information](#).*

WHAT YOU WILL NEED TO DO TO GET CERTIFIED: Basic Certification is granted based upon your presence throughout the direct contact time, demonstration through the course of your understanding of the material (via questions, comments and final quiz). You will receive a certificate via email the week following us receiving your successful quiz results. It would be rare, but if we really did not think you had demonstrated necessary comprehension and ability to run a Session, we would request that you undertake supervision with a qualified Trainer. When this Trainer is willing to attest to your ability to run a basic Session and the necessary sample is received, certification would be granted. You would have a year in which to complete this. Otherwise, you could simply repeat the course (there is no special discount for this).
