

# WARRANTY COMPARISON

**CHART** Zengar Institute Inc.

This document is not a warranty, it is for reference and your convenience only. This document does not make any offer, nor imply or modify any warranty- it's purpose is to help illustrate what warranties may or may not exist and what features a warranty may or may not have. The only warranty that comes with your product or service is the one expressed on our website <https://neuroptimal.com/terms-and-conditions/#warranty>

**\*30 day guarantee:** Should there be any software or hardware issues with your system within the first 30 days, Zengar® reserves the right to repair or rectify the problem. If the problem cannot be rectified by Zengar®, your system will be replaced. To ensure prompt warranty service with Microsoft, we strongly recommend you register your device: <https://support.microsoft.com/en-us/warranty>

**\*\*Software Configuration Warranty Guidelines:** Should your Zengar® originating hardware fail in a way that is serviced/ repaired under warranty, and that service compromises your configuration, Zengar® will perform a remote software configuration, via ZenConnect free of charge, as long as you meet the following requirements; 1) prior to reconfiguration, the system being serviced was running the latest software version of NeurOptimal® 2) the system meets Zengar®'s technical specs for the version of NeurOptimal® to be configured 3) your account with Zengar® is in good standing.
